## California

\$25.00 One Way.

\$35.00 Round Trip.

If you expect to go to California, why not go when the railroad fare is low? From now to June 15, 1903, you may go there for \$25.00. You may buy a round-trip ticket May 13 to May 19 inclusive, for \$35.00 a considerable reduction from current rates. These round-trip tickets will be limited to July 15, and liberal stop-over privileges accorded.

The one-way tickets will be accepted for passage in free chair cars carried on fast trains. If sleeper is desired, tickets will be accepted for passage in tourist sleepers on payment of customary Pullman charge. The round-trip tickets will be honored on any Santa Fe train—Pullman space extra. Santa Fe all the way.

A profusely illustrated folder issued by the Santa Fe describes the trip to California, and also contains complete schedules of trips, rates of fare, and other information. Write for it to the General Agent of the Santa Fe, or to the General Agent of the Santa Fe, or to the General Agent of the Santa Fe.

### NEWS OF THE WEEK.

A Summary of Important Events Condensed from the Press Dispatches.

Silver City and Deming are to be connected by telephone.

Disastrous forest fires are raging near Johnstown, Penn.

Work has been begun on the "scenic road" between Santa Fe and Las Vegas.

Admiral Schley has been swindled by a bogus mining scheme in Mexico.

Martial law was declared in Santiago de Chile the first of the week because of riotous strikers.

Mischiefous boys in New York displaced a switch Wednesday causing a collision and the injury of a dozen persons.

A German prisoner in the Roswell jail was recently given 50 lashes with a leather belt by his fellow prisoners for "slandering American institutions."

Strikes are numerous throughout the country. In Toledo Wednesday the hack drivers at a funeral struck just as the casket was being taken to the hearse.

In San Francisco Thursday President Roosevelt participated in the dedication of a magnificent monument commemorative of the victory of the American navy at Manila.

David Zufelt of Santa Fe was held up by four robbers near Belen Sunday night and relieved of \$35 and his railroad ticket. He had been at work on the Santa Fe cut-off.

Judge Baker of the second district will not render a decision in the case of the territory against County Commissioners Gutierrez and Sanchez of Bernalillo county until his return from Omaha in June.

In a certain locality in Russia there were last week two days of rapine and murder, the Jews being the victims. In one instance spikes were driven through a woman's head into the floor, and cases of bodily mutilation have been authenticated.

Alpheus Hempe was sentenced in Judge McFie's court Monday to serve a life sentence in the penitentiary for complicity in the murder of Jailor Epitacio Gallegos of Santa Fe in January. Hampe entered a plea of guilty of murder in the second degree. He is now in the penitentiary.

Edison has for some time been at work to invent a dry process for separating the gold from the gravel on the Ortiz grant in Santa Fe county. It is now authoritatively announced that a process has been perfected to such a degree that upwards of 95 per cent of the gold can be saved.

There is a remarkable story going the rounds of the press to the effect that Charles J. Grayson, president of the Silver City National Bank, was recently arrested in New York for grand larceny committed in Boston ten years ago. The story has it that the man's name is not Grayson at all but Merrill.

The Santa Fe New Mexican says: Monday morning at an early hour a fight was started in the Turf saloon at Tucumcari. The proprietor, John Brophy, tried to quiet the trouble when one of the fighters became abusive. Brophy struck the man who drew his revolver and fired point blank at Brophy but missed. Brophy drew his revolver and fired six shots in rapid succession, three of which took effect. Brophy was formerly marshal at Clayton.

### From a Cat Scratch.

On the arm, to the worst sort of a burn, sore or boil, De Witt's Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get De Witt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by A. E. Howell.

### Notice to Knights of Pythias.

All members of Rio Grande Lodge No. 3, K. of P., are requested to attend the regular meeting Wednesday evening. There will be work in the rank of Knight.

### ADVICE TO NEW MEXICO.

The Globe-Democrat Comments on the Advice Given to New Mexico by President Roosevelt.

The St. Louis Globe-Democrat of Monday spoke of a feature of one of President Roosevelt's speeches in this territory as follows:

President Roosevelt told the people of New Mexico when he was there a few days ago that they ought to use their best endeavors to reclaim all the arid lands, and to do this at the earliest practicable moment. New Mexico is near the center of the arid region. There can be no doubt at all that there will be room in that big territory for 1,000,000 or 2,000,000 people just as soon as all its lands are rendered fit for cultivation. Irrigation is its great need, as the President pointed out. Naturally, the sooner this is had the better it will be for the people of that locality.

Irrigation would bring an influx of settlers from the rest of the West and from Europe, and this, of course, would insure admission to statehood very quickly. The thing which would bring this condition would be irrigation. New Mexico's mines alone will not give that territory anything like the number of people which it will need in order to place it among the great and progressive communities of the West. Agriculture would do this, and agriculture on any large scale is impossible in the territory as a whole under present conditions.

The national irrigation act, which was passed in 1902, and which received President Roosevelt's signature, is capable of accomplishing much for New Mexico as well as for the whole of the arid region. Let the people of that locality arouse themselves to the importance of assisting the government's agents in the work of reclaiming the arid lands. The people can do much toward bringing the change in conditions which will make their communities desirable places for the settlement of farmers and fruit raisers. The country is interested in diverting to its own use the tens of thousands of Americans from the middle West and the far West who are now drifting across the border into Canada every year, and irrigation will do this. New Mexico's salvation, in a very decided degree, is in the hands of its own citizens.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c. Hall's Family Pills are the best.

### The Browns vs. the Reds.

The Browns and the Reds met on the ball ground Sunday and played what was, while it lasted, one of the best games seen in Socorro of late. At the beginning of the ninth inning the score was 5 to 4 in favor of the Reds. When the Browns came to the bat they quickly had two men on bases and nobody out. At that point a dispute arose over a decision by the umpire and the Reds picked up their belongings and left the field. That looked a little as though they were afraid of being beaten, but there are always two sides to a dispute. At any rate the fans would like to see more ball playing like that of Sunday.

### Resolution of Condolence.

Socorro Hose Company No. 1 passed the following on the death of Mrs. Elizabeth Griffith, wife of an honored and respected member, John E. Griffith, viz:

There seems to be something wrong in the ordering of the universe when such a woman as Elizabeth Griffith is made to die. Young, strong, pure, brilliant, her family and her friends loved her, society and her country needed her, yet fate took her from us. We have no heart to talk. Works are but poor and puny things at best, and parts of speech are impotent to assuage or to mitigate a grief like this.

Resolved, That a copy of this resolution be given to John E. Griffith and to the Chieftain and Republican of our city with the request to publish same.

Resolved, That a copy also be spread upon the minutes of the Hose Company No. 1.

AUG. WINKLER,  
H. M. DOUGHERTY,  
J. E. SMITH,  
Committee.

### Resolutions of Magdalen Chapter No. 9, Order of Eastern Star.

Whereas, It has pleased Divine Providence to take from our midst sister Lizzie E. Griffith, who, at the time of her death, was Associate Grand Worthy Matron of the order for the Territory and the first past Worthy Matron of our local lodge; therefore be it

Resolved, That in her death, her husband, mother, daughter and other members of her family have suffered an insupportable loss and our order has lost a useful and valuable member, and all of us, a loving and cherished friend. And we desire to give this public expression of our deep sorrow and to extend to her bereaved family our sincere and heartfelt sympathy.

EMMA M. DOUGHERTY,  
ANNE W. FITCH,  
E. A. DRAKE,  
Committee.

### The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol dyspepsia cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by A. E. Howell.

Call at The Chieftain office for your fancy stationery.

### Visitors from Kansas City.

The special train bearing sixty business men of Kansas City arrived in Socorro yesterday afternoon on schedule time. The stop was a short one, but some of the business men of this city went to the station and became personally acquainted with Kansas City merchants with whom they have dealt for years, and a few of the visitors came up town to persuade local merchants that Kansas City offers the best inducements to the trade. Mayor Cooney granted the visitors the freedom of the city and placed in their hands a golden key, which was accepted with cheers. The business men are typical hustlers of the city by the Kaw and their tour of New Mexico will certainly bear rich fruit in the form of more numerous and larger orders.

### The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol dyspepsia cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent of cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by A. E. Howell.

### School Fund, \$945.35.

Col. J. Franco Chavez, superintendent of public instruction, informed Superintendent A. C. Torres Sunday that he had apportioned to Socorro county \$945.35 for school purposes. This sum, derived from public lands, will help greatly to relieve the unfortunate condition of the county's school affairs. The money was turned into the county treasury today.

### Large Sale of Cattle.

W. H. Liles of this city bought yesterday 500 head of cattle from E. G. Hills, C. B. Bruton, Wm. McNair, Chas. Storey, and Ed. Brown at San Antonio. The cattle were shipped to Jno. O. Hall & Bros. of Denver. The greater part of them came from the San Andreas region, where the range is now in excellent condition. The prices paid were \$14, \$17, and \$20.

### An Ancient Bank Note.

The latest curiosity at the British museum is a Chinese bank note of the fourteenth century, which was discovered in the ruins of a statue of Buddha at Peking. It is worth noting that paper money was not introduced into Europe till the seventeenth century.—London Leader.

The job work done at The Chieftain office is guaranteed to give satisfaction. The work is first class and the prices reasonable.
